TONY ANTHONY

CHARACTER REFERENCE FROM RAGGY RAM (FOUNDER & DIRECTOR

I have known Tony Anthony for over 5 years. I have spent a lot of time with him. We have partnered on some work that was done in India. I find him very honest, trustworthy and reliable. His passion for Jesus Christ really encourages me.

I am hoping to do other projects with him in India in the future.

Tony is a very committed servant of God, husband and father. He has inspired me so much over the years; how God can use him to reach the world with the Gospel.
