Dear Angela,

Thank you for the copy of *Taming the Tiger*. I have dipped into it and found it hard to put down. You certainly know how to write a page-turning and gripping story. Yes, I am happy for you to use my article in *The Author* as part of your case. Kate Pool sent me a copy of her reply to you. I don't think I can give any better advice than this. I am sure the right way to go is to confront the issue rather than hope it will go away.

Good luck and best wishes,

Robin
