

## REFERENCE FOR TONY ANTHONY

By Victor Otet, Romanian Orthodox Church - Transylvania

I met Tony a number of years back in Nepal, Kathmandu. I was there for ministry and I saw posters everywhere in the city with his face and his programs for evangelize the people of Nepal. I was attending one of his last meetings there and I was shocked to see that over one thousand Hindu people came to receive Jesus Christ as their Saviour.

His sharp words anointed with wisdom and Holy Spirit have made me to desire to meet him and invite him to preach in my country Romania in Orthodox Churches. I was thinking he will not come because will be afraid of our icons from walls or of Mary mother of our Lord Jesus, or afraid of bishops or priests .But when I told him about to preach in Orthodox Churches he with a nice smile was willing to do that.

So this year in spring time we had him here. I was thinking: he said to me that is okay he can preach in orthodox Churches, but when he will be inside the building he will not accept, or he will start to criticize as all else evangelicals are doing against Orthodox or Catholics or protestants.

15 days he was here and was preaching, we orthodox believers fell in love with his preaching's, teachings and we cannot wait to have him back here. In 5 days over 100 people most youth gave their life to Jesus Christ and that is amazing and we are blessed to know him and I am blessed too to know he is a just man and honest and innocent in his heart as a child .

He is taken souls from Darkness into Kingdom of God, and that against him was raised up all power or darkness. All who criticize public a man of God; they never even were servants of God but tools of Hell. It is shock for me orthodox believer to see how low the evangelicals people are if they doing this to Tony Anthony.

Only security police here in communism time has persecuted our brothers and sisters from Lord's Army (orthodox movement) as they persecuted now this man of God.

I ask myself: how these people will answer to God in day of Judgment for the souls unreached this period since they start this war against a man of God as Tony Anthony? I am cry for them. But they did what they know the best. What a shame for this world.

We love you Tony Anthony and we are waiting you come back here soon and shake the Hell's foundations and take from there people for Jesus Christ our Lord!

I am blessed to know and have such a friend and brother as you are!!!
